

Connected Transportation Webinar

Closing the Homework Gap Through Connected Transportation

When: January 10, 2017 3:00 - 3:45 PM

Where: <https://smp-corp.webex.com/join/rschoenfeld>

Who: Melanie Chandler, Watkins Glen CSD
Technology Director & Brian Schillaci, Cisco K-12
Solutions Engineer

Learn how Watkins Glen Central School District expanded access for their students by outfitting their school's fleet of 18 buses with Wi-Fi! By partnering with SMP and Cisco Systems, districts have the ability to allow students to maximize their time during morning and afternoon bus rides. After school activities require longer rides and have students home later in the evening, so providing this access allows them to complete their work prior to getting home.

Decrease the homework gap and behavioral issues during transport, while increasing safe and secure access to class content!
