

Updated Displayed Seating Capacity Change Service Update #19-1021

-Displayed Seating Capacity to Change on New Buses- New York Bus Sales Will Be Changing Units In For Paint Work

In a notice today from DOT, due to a recent update with NYSDMV and NYSDOT, the listed seating capacity will now be required to be displayed on the exterior of the vehicle inclusive of the driver.

It was also stated that vehicles currently in service will not be required to change displayed capacity.

We have contacted DOT and they have agreed that it would be less confusing if vehicles in service were updated, so as we have units go through our Body Shop we will be updating the Adult Capacity as a courtesy to our customers.
