Safe Journey Seat Mount

Upgrade your seat mount for those students that like to sneak out of their securements. The Safe Journey is a tamper resistant seat mount:

- Is easy to use
- No access to shoulder latches for the student, easy for the Driver/Aide.
- More adjustability at shoulder level.
- Hip D-rings have a deterrent device making it harder to unlatch.
- This unit can be used with our current BESI Vest or Universal Vest.
- Installation is very similar to original seat mount.
