

Ultra LED Bulb Design Change

Parts Notice #17-0214

Ultra LED Look Has Changed...AGAIN!

In 2014 we had a Parts Notice showing a change in the design of the Ultra LED bulb used in Stop Arms (next page).

There has been another update in the design and the bulb now appears as shown in the photo above. These bulbs are used in the Specialty Stop Arms and are available on new buses purchased through New York Bus Sales as Option #LGT116 or through our Parts Department as part #15-95000.

Parts Notice

From your friends at New York Bus Sales

ULTRA-LED STOPARM BULB PART #15-95000

The original "ULTRA LED" had the appearance of the bulb pictured to the left below. The manufacturer has changed that slightly and the newest version is to the right in the photo below. Until all of the old style are sold or installed through the system you may see BOTH of these show up. Please be aware that they are from the same supplier and they are interchangeable and both are warranted the same.
