Blue Bird Type C & D Illuminated School Sign

- Complaint –** We have seen multiple failures of the relay in the circuit for the Illuminated School Bus destination sign.
- Cause –** New York Bus Sales has contacted Blue Bird concerning this issue and has sent failed relays for evaluation. Blue Bird is working with the relay manufacturer to determine what the issue is and a resolution.
- Correction –** Until a resolution can be determined, we are recommending replacing the #93 bulbs with #89. This will decrease the AMP draw, lessening the load on the relay
